Subject: Reminder of Stipulation Requirements; Docket No. 2005-013, Tintic Utah Metals, LLC, Trixie West Exploration Project, [E/049/046] Tintic Utah Metals, LLC, Apex/Burgin Project, M049/009; Chief Gold Mines Inc., Trixie Shaft, M/049/024, Utah County, Utah

Dear Mr. Schreiber:

As we discussed on the phone this morning, I am sending you a reminder of the requirements you have with regard to the "Stipulation For Continuance and For Dismissal of Notice of Agency Action" filed with the Board on August 9, 2005 (copy enclosed). Item #5 of the Stipulation required Chief Consolidated Mining Company to provide updated mining and reclamation plan information so that the Division could determine the appropriate amount of surety for each of the permits. This was to occur by May 15, 2006. This date is quickly approaching and we have yet to receive any of the updated information.

Should the stipulation requirements not be completed, the fines associated with the Failure to Abate Cessation Orders will no longer be held in abeyance. We are hopeful that you will be able to rectify this situation and complete the requirements. We encourage you to work closely with us and keep us informed of your progress.

We appreciate your help in resolving this situation. Please call me at (801) 538-5325 if you have questions.

Sincerely,

Daron R. Haddock
Permit Supervisor
